Dear Kenny:

As you know, on many of our reroofing projects it is necessary for us to deal with disconnecting and reconnecting air conditioning units. Sometimes, there are also significant modifications of the units or their various connections that are required.

Your fine company has been providing these services to us for a number of years and I wanted you to know how much we appreciate the fine service we receive. It has been a pleasure working with you and we look forward to many years of continuing this relationship.

Most sincerely,

Michael D. Beldon
